

UNICITY PROBIONIC™

ProBionic has been specially formulated to improve digestive health. It contains probiotic strains that help the body restore the balance of healthy bacteria in your gut. These strains are microencapsulated to ensure that they survive to reach your digestive tract and maximize the body's digestive function. ProBionic can help promote good digestion and even help support other bodily functions like the immune system. Support your vital systems with ProBionic daily.

SUGGESTED USE

Take one packet daily.

May be taken with water or other liquids.

Note: For best results, use ProBionic with Unicity Balance and/or Unicity LiFiber.

BENEFITS

Supports digestive health.

Helps promote and restore friendly bacteria.
